

Vertical Concrete is a decorative overlay system applied to new or existing surfaces.
It is designed to create a NEW SURFACE. Once the vertical application
is applied, the true effect comes to life...

FEATURES and BENEFITS

- durable
- easy to clean
- no mineral bleed out
- custom patterns (*no two the same!*)

CONCRETE REPAIR SPECIALISTS
119 Cordes lane
Freedom, PA 15042
724-773-8001
crspgh.com • Crspgh@comcast.net

We can create a unique looking wall (*unlike a Versa-Lock wall*) up to 4 feet in height.
Our specail formula has been tested and proven. In most cases, our custom
designs are more affordable than a Versa-Lock wall.
